Introducing ProSlate™, the first iOS-based series of speech-generating devices

The AAC devices in our iOS-based line are capable of handling all of your communication needs by utilizing the latest and greatest of any AAC app. Our rugged accessories and engaging color options add function and style, and with the best warranty in the industry, you will be able to enjoy your ProSlate for years to come.

Best Industry Warranty

When you choose a ProSlate™ device, we include a five year worry-free warranty to protect you against damages that may occur. This means no waiting for funding for repairs and no gap time between upgrades.

FlexABLE® Handle and Stand ✳

Included with each ProSlate 10D™ and ProSlate 8D™, the FlexABLE Handle and Stand is an ergonomic innovation that is able to be pushed or pulled into position using only gross motor movements.

TRU-Hold™ Keyguards

Our keyguards provide a strong attachment directly to the face of an AAC device with their unique magnetic interlocking design. Purpose-built for our ProSlate™ and WinSlate™ lines, the quarter inch thick guards prevent unwanted selections and come in a variety of layouts.

Wearable SoundPOD™ Speaker Module ✳

Now your voice output can come directly from you, not your device. Unlike traditional AAC speaker design, our SoundPOD can be concealed under clothing to create a more natural speaking experience, or it can be magnetically docked to the back of the device.

Front and Rear-Facing Cameras

With both front and rear facing cameras, you can quickly shoot photos of rooms, objects and people. Photos can quickly be placed on vocabulary cells or used for visual scene displays, which is extremely useful for clients with aphasia.

Wireless Switch Access

Access your ProSlate's applications using ability switches such as buddy buttons, leaf switches, sip and puff switches and more.

Choose Your App

Choose your preferred AAC app from any on the market, and we will pre-load it onto your ProSlate device for immediate use.

TouchChat HD   Proloquo-2Go   LAMP Words For Life™   GoTalk NOW PLUS   Speak for Yourself   Predictable

and more!
