

1. AAC Consultation

Individualized based on needs of AAC team. In-person, virtual, phone call options available. Purpose to explore functional options based on AAC user needs.

2. Insurance Verification

Numotion team will review insurance coverage for speech devices/accessories being explored. Once coverage is confirmed, trial can begin.

3. Device Trial

SLP facilitates and conducts trial to collect data required by insurance. Trial devices available upon request.

4. Clinical Report

Justification report is completed by the SLP. Numotion team will be available to provide resources as needed.

5. Document Collection and Review

Numotion team will collect and review all documentation required by insurance and will request additional documentation required by payer as needed. This step includes gathering documentation from ordering physician.

6. Insurance Authorization

Numotion will submit all documentation to insurance for approval of requested equipment. Timelines for approval vary greatly depending on payer/payer mix.

7. Order Equipment

Once insurance approval is received, Numotion team will order requested equipment.

8. Delivery

Numotion team will reach out to confirm address for shipping/delivery of device.

9. Training and Support

Once equipment is received, Numotion is available to provide assistance with set-up, training, and ongoing technical support needs for the lifetime of the device.

1. Consulta de AAC

Se adapta según las necesidades del equipo de AAC. Hay opciones presenciales, virtuales o telefónicas. El objetivo es identificar opciones funcionales que respondan a las necesidades del usuario de AAC.

2. Verificación del seguro

El equipo de Numotion revisa la cobertura del seguro para los dispositivos de habla o accesorios que se consideren. Una vez confirmada la cobertura, puede iniciarse la prueba.

3. Prueba del dispositivo

El SLP dirige la prueba para reunir los datos que requiere el seguro. Se pueden solicitar dispositivos de prueba según disponibilidad.

4. Informe clínico

El SLP redacta el informe de justificación. El equipo de Numotion ofrece recursos adicionales si se necesitan.

5. Recopilación y revisión de documentos

Numotion recopila y revisa toda la documentación que exige el seguro y solicita cualquier documento adicional que requiera el pagador. Este paso incluye obtener la documentación del médico que hace el pedido.

6. Autorización del seguro

Numotion presenta la documentación al seguro para solicitar la aprobación del equipo. Los tiempos de respuesta varían según el pagador o la combinación de pagadores.

7. Pedido del equipo

Una vez aprobada la solicitud, Numotion realiza el pedido del equipo correspondiente.

8. Entrega

Numotion se pone en contacto para confirmar la dirección de envío o entrega del dispositivo.

9. Capacitación y soporte

Después de la entrega, Numotion ofrece asistencia para la configuración, capacitación y soporte técnico continuo durante toda la vida útil del equipo.
